REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest a modular system including a first structure with one of a data, power or communications means is brought into the system and distributed, a work station, a second structure spanning between the first structure and work station, a connection means on the second structure pivotally connected to the first structure or work station to allow the first structure and work station movement along a rotational arc while in connection therewith. The prior art of record teaches movement of a work station along a pivotal arc, for example the patent to Chang, and connection of a first structure to a workstation including a wiring means, for example the patent to Vander Park, but there is no suggestion or suggestion for structure to allow for movement in a rotational arc of the structures including a wiring means while in communication or connection therewith.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
